Yes we can!

Yes we can...

end the war in Iraq responsibly
and completely.

Yes we can...

support Iraqi reconstruction and
refugee needs.

Yes we can...

support our troops by bringing
them home safely.

Yes we can...

end all use of torture of any
person anywhere.

Yes we can...

promote regional stability
through diplomacy in Iran and
Afghanistan.

Yes we can...

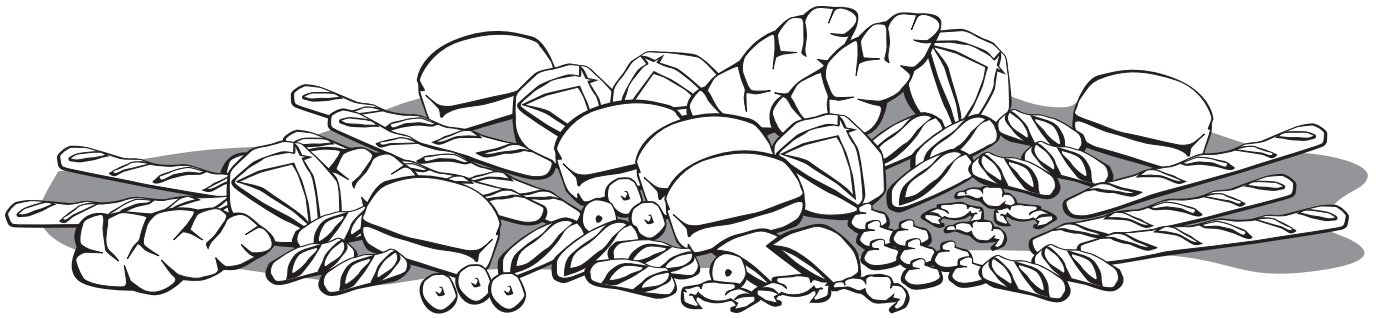

work for peace and justice in Iraq
and at home.

Join us in bringing Loaves of Bread to the White House!

Christian Peace Witness for Iraq will
gather thousands of loaves of bread
the evening of April 29 in front of the
White House, calling our nation to

- repent of our trust in the powers
of death and
- choose the way of life.

(Continued on back)

Bread

Bread—broken

we repent of the brokenness caused by this war

Loaves—presented to our nation's leaders

symbols of our call to choose the way of life

Hundreds of loaves—delivered to those in need

offering the sustenance of life

Each loaf—sent with a financial gift

in solidarity with Iraqis as they rebuild their lives

You may bring loaves and contributions with you to the witness or donate for their purchase.

Your loaves of bread will be shared with the hungry people of our nation's capitol and our legislators during advocacy visits. Your financial gifts will support the people of Iraq.*

Whether or not you can come to Washington, D.C. on April 29...

You can share the bread of life

- with other Christians
- with our country's leaders
- with the hungry of our nation's capitol
- and with the people of Iraq*
